## DONATION for TYPHOON VICTIM

*Philippine LEYTE ABUYOG*

*To Whom It May Concern*

*2013. Nov. 12*

*In keeping with the spirit of the season and in respectfully of the successful year, I am Rose Marie Salvo as the chairperson of Dagat youth club and Kawayan Philippine Women's Community in Kawasaki city ward, am working to make this promising event more special for the officers & members friends of this association.*

*As you know that the recent (Yolanda) Typhoon in Leyte incurred a lot of damage to the local residents and there are facing many difficulties. Most of the people in the affected areas are without the supply of basic necessities of life and are in dire need of help.*

*Many families have lost their homes and are forced to live in unhealthy areas with their children. The areas are in a worse situation and even though the government is working hard for the betterment of the people, still a lot of work has to be done.*

*Our P.WC Kawayan community, Health is Life, is doing its best to help the affected in the region and is trying its best to make sure the people get the basic needs of life until everything is sorted out. We request you for a compassionate donation to support the affected people of the leyte region so that we can continue our efforts to facilitate poor families.*

*Your generous donations can save the lives of poor families and our organization will appreciate any efforts. Feel free to contact us for any queries.*
